INIMICAL TO SALISBURY.

THE REAL ANIMUS OF CHURCHILL'S RUSSIAN VISIT.

English Journals Commenting Unfavorably on It-The Dynamite Scare Among the London Police-Irish Farmers Protest Against Trespasses by Hunters.

LONDON, Dec. 23 -Lord Randolph Churchill's visit to St. Petersburg appears to be exciting a great deal more comment than such a commonplace and customary event should. While the newspapers on the continent are attempting to construct the private journey of an English gentleman into a mission, undertaken with some political view in end, English journalists

are complaining that the visit is inopportune, and made with no good intention.

The St. James Gazette this afternoon, in a leader devoted to the subject, asserts that the object of the visit is inimical to Salisbury's government and may prove detrimental to England's meatral position in the present strained situation of continental affairs. "Lord Randolph may be a unionist,' says the Gazette, "but he certicity is not a conservative, and further he holds the personnel of the government in absolute contempt, and despiess the whole number that compose is."

The Leader says that it is time that the serious attention of the government was given to the erratic proceedings of the most reckless of the English politicians.

The police are giving a more intense coloring to their dynamite plot investigations by taking out warrants for Gen. Miller and Melville. It is strongly suspected, however, that their only object is to effect a scare among suspected dynamiters and to appear angacious and alert. The police who applied for the warrants and that they had reason to think that the suspected men might be here in London at present.

The trouble between hunters and farmers has again aprung up in Ireland. Lovers of the chase appear to think that they have the right to jump anybody's fence, and tear across anybody's fields, aince it affords amusement to them, no matter how much harm they cause by so doing. The farmer is an unmannerly boor if he objects, and must be reduced to terms at once. The farmers, or a number of them, in the counties of Meath and Dublin gave notice to-day that their lands would be poisoned in order to provent the hunting missance. This has enraged the horsemen, who declare that they will abandon the races at Punchestown if the hunting is stopped in Kidare.

Previous to entering the court room to-day father Ryan addressed the crowd, and repeated the advice he had given them, for which he was tried, urging them to hold fast to the plan of campaign, and to do all they could to protect the homes of Ireland.

presided. Among those who sat down were Erskine M. Phelps, Col. Corbin, Robert T. Lincoln, George M. Pullman, Judge Gresham, Maj. Morgan Tavlor, Col. Barr, and Collector Seeberger. The Secretary left for the east at 5 p. m.

The Secretary said to a reporter: "I have just been inspecting the prison at Leavenworth, and I had no other purpose in coming west. I relieved Col. Blount, the superintendent of the prison, while I was there, and appointed in his stead Capt. Page, the assistant superintendent. Col. Blount has very ill health, and has borne up as long as he can. The controversy between Gen. Miles and the prison people over the army shoes has been brought to my notice. I see nothing in it to require official action."

He intimated that Gen. Miles's charges were exaggerated. Regarding Highwood Park, Mr. Endicott said his wishes were to make it an important post. The character of the work to be constructed in the spring would depend on the congressional appropriation.

CHAMBERLAIN INTERVIEWED.

Commercial Union Between Canada and the United States Impossible. OTTAWA, ONT., Dec. 22.—The Hon. Joseph Chamberlain heid a levee for local ournalists and press correspondents at Rideau Hall to-night. He said that he hoped for a satisfactory settlement of the fishery question. "Commercial union between Cauada and the United States," he said, "will never be brought about. It means the inevitable absorption of Canada, England will never consent to give Canada the right to negotiate her own treaties under present arrangements. If Canada has got the right she cannot look to England for the enforcement of their provisions." Mr. Chamberlain went on to say that imperial federation, according to the schemes already submitted, was impracticable. England would not oppps: Canada's separation from the empire. IN THE CATHOLIC, EPISCOPAL, AND OTHER CHURCHES.

Names of the Singers, Directors, and Organists-Places of Worship Handsomely Dressed-General Observance of Christ's Natal Day.

There is every indication that Christmas will this year be more generally observed than has been the case heretofore. Oceurring, as it does, on Sunday, in many of the churches more than the ordinary attention has been given to the preparation of the programme and rehearsal of the music. Many of the choirs have been strengthened with additional voices for the occasion and ss a consequence all the well-known singers of the city are under engagements for the

The principal feature of the music will be The principal feature of the music will be large choruses, some of the choirs having, in addition to their soloists, from ten to thirty voices. Orchestral music will in some cases be employed to increase the effectiveness of the organ and the voices. In some of the Protestant Episcopal churches the singing will be by choristers. The music will embrace selections not only from the compositions of the older composers, such as Handel, Haydn, and Mendelssohn, but also from the works of Dudley Buck, Danks, Barnby, Millard, Warren, Garrett, and others. The anthem "Adeste Fideles" will always have a strong hold upon church choirs, and this year will be stug in many churches. "And this year will be stug in many churches. "And the Field" and "Bark, the Herald Angels Sing" are also favorite carols, and the "Cantique di Noel" is quite popular.

The Catholic and Episcopal churches have been dressed in green and beautiful flowers placed within the chancel and upon the altars. In the Presbyterian, Lutheran, Methodist, Episcopal, and other churches in the afternoon the Sunday school children will also be sung at night services.

In order to accommodate the many readers of the Republication is made of the music, names of the soloists, and members of the choirs of most of them having special service on Christmas.

Valuable Piece of Baltimore Property Secured by a Catholic Order. BALTIMORE, MD , Dec. 22.-The city pring square on Calvert street has finally con disposed of by the city, and the Sisters of Mercy have acquired it. This property has been the cause of not a little contention

of Mercy have acquired it. This property has been the cause of not a little contention during the past two years. It adjoins the city hospital, and has always been an eyesore. In January, 1886, a measure was introduced in the city council donating the square to the Sisters of Mercy providing the order would erect and maintain a hospital there. The measure was defeated, however, mainly upon the ground that the college of physicians and surgeons had previously made the city a cash offer for the square, which was declined, and that to give it to the Sisters of Mercy absolutely free of cost smacked of a manifest partiality for the Catholic Church. In March, 1887, the same measure was brought up and passed by the council, but the Protestant ministers raised such a tempest and protested so stron by that the mayor refused to sign it. Yesterday alease of the square for ninety-nine years was sold at auction to Mr. Thomas M. Laushan for \$1,000 a year. To-day it developed that the purchase was made for the Sisters of Mercy, and that they will control the property. Superioreas Benedicta states that a building of magnificert architecture for hospital purposes will be erected on the site text summer.

FOR TWELVE DAYS. Senator Dolph Talks of Marriage and Divorce and Wants a Constitutional Amendment-Time Wasted in the House Over Extra Pay for Discharged

In the Senate yesterday Mr. Dolph intro-duced a bill to provide for the payment of claims for damages by Indian depredations. He said there were some 4,500 such claims, aggregating some fourteen or fifteen million dollars. It was a burning shame that for thirty years Congress had declined to take action on these claims. The bill was referred to the committee on Indian Mr. Eustis, from the committee on epi-

demic diseases, reported a bill authorizing the removal of the quarantine station from Ship Island, Miss. Calendar, It removes the station to some other Island in the Gulf of Mexico, or to some pass in the Missis-

of Mexico, or to some pass in the Mississippi deita.

The Senate then took up the joint resolution introduced by Mr. Dolph on the 12th instant, proposing a constitutional amendment on the subject of marriage and divorce, and prohibiting bigamy and polygamy. amy.

The proposed smeudment is in the fol-lowing words: Congress shall have power to legislate on the subject of marriage and divorce by general laws applicable alike to all the states and territories, and notther

to legislate on the subject of marriage and divorce by general laws applicable alike to all the states and territories, and neither bigamy nor polygamy shall exist or be permitted within the United States or any place subject to their jurisdictinn.

Mr. Dolph addressed the Sanate in support of the joint resolution. He spoke of the sacredness of the marriage relations, of the many varying marriage and divorce laws in the several states of the Union, and of the propriety of having a uniform system governing marriage and divorce throughout the United States. He denied that he was influenced in introducing the resolution by any desire to pave the way for the admission of Jutah as a state; and after giving a sketch of the history of the Mormon Church he declared his insiterable opposition to the admission of Utah so long as there was any possibility for the coationance of the domination of the Mormon hierarchy.

At the close of his remarks the joint resolution was ordered to lie on the table, Mr. Cullom saying that he proposed to submit some remarks upon it after the reassembling of the Senate.

Senate bills to establish two additional land offices in Colorado, and to remove the political disabilities of Abraham C. Myers, were taken up and passed.

Mr. Buller presented a letter from the secretary of the Mexican Veteran Association, accompanying a gavel wrought out of 550 separate pieces of wood, tastefully inlaid, the work of a veteran of the Mexican war. Chales Uferhauster, formerly of the 3d United States artillery, now residing in Charleston, S. C. The letter suggested the presentation of the gavel to the presiding officer of the Senate. The matter was referred to the committee on rules.

The presiding officer announced the appointment of the special committee to investigate the condition of the five civilized tribes of Indians, as follows: Messrs. Butler, Morgan, Dawes, Cameron, and Teller.

Mr. Teller introduced a bill to provide for the compulsory education of Indian children. Referred.

A committee was appoin up to \$11,122,016. The fat'ure of almost a boy with such gigantic interests created a good deal of asensation. But now interest in Ives is revived and extended by criminal proceedings against him, taken by Julius Dexter, of Cincinnait, president of the Cin-cincati, Hamilton and Dayton Railroad Company, who charges him with grand lar-ceny.

The warrant charges Ives with grand larceny in appropriating to his own usa the sum of \$190,000 belonging to the Cincinnat, Hamilton and Dayton railroad. The sum of \$880,500 was required for a certain purpose, and all of this passed through Ives's hands and was rightly applied, except the last \$100,000. On June 2 the First National Bank of Cincinnati made a draft for this amount upon the Western National Bank of New York, and sent it to Ives. The draft was indorsed by Assistant Treasurer F. H. Short, of the Cincinnati, Hamilton and Dayton railroad, and made psyable to Henry S. Ives, trustee, to be applied on the stock purchase. Instead of paying this \$100,000 to C. R. McKeon, president of the Terre Haute and Indianapolis railroad, as he was directed to do, Mr. Ives deposited the draft in the American Exchange National Bank to the credit of Henry S. Ives & Co., and thus diverted it to his own use with the intention, as it is alleged, of defranding the Cincinnati, Hamilton and Dayton railroad. Ives was arrested and taken to the Tombs policecourt. New York, on this charge, where the justice named \$25,000 as the amount of ball required. At the hearing the case was dismissed.

Representative Seth C. Moffatt, of Micho'clock yesterday morning from blood poisoning, superinduced by a malignant carbuncle. His iliness did not assume a serious phase until three day ago, when he was removed from his notel to the hespital. Just before his removal Mr. Moffatt became delitious, and never recovered bis faculities or railled from the attack. Owing to the interruption of the telegraph, his wife, who was in Traverse City, Mich, could not be notified of her husband's illness until Tuesday night, so that she was not able to reach

In speaking to the resolution Mr. Herbert, of Alabama, remarked upon the action of certain sonators in criticising the House for passing the joint resolution—an action which he thought was uncalled for in view of the fact that senators voted themselves each a clerk and insisted upon paying their employes 25 per cent. more than was received by the employes of the House.
